When the Excise Com^r proposed that his Office Asst might be placed in charge of the training School, — in lieu of the Excise Office as originally suggested by Govt, — he did not raise the question of an allee, nor was there anything to show that a claim for an allee would be subsequently raised.

I do not think the charge of the School is sufficiently onerous to justify the grant of an allee.

If an allce was contemplated, the fact should have been mentioned in the original proposal, so as to enable Govt to judge whether the object was worth the cost. The duties of the office assistant are not definitely fixed, and they might be regulated in such a manner as not to throw much more work on him (along with the superintendence of the school) than is usually done by Govt Offrs of his grade. Submitted to His Highness.

Mr. Sparkes recommends in his letter No. 1439 dated 12th August 1909, the grant of Rs.50 per mensem as local allowance to the Assistant Commissioner attached to the Office of the Excise Commissioner. The ground upon which this recommendation is made is that additional duties devolve on him in consequence of his supervising the Excise Training School and that all such work is done by him out of office hours.

J

2. In their order No.Fl.3516-25/S.R.108-07-4 dated 12th February 1909, Government directed that Mr. Rozario, District Excise Officer of Bangalore, should supervise the school in addition to his other duties. At the instance of the Excise Commissioner, Government agreed to place the school under the supervision of his Office Assistant in modification of their order cited above.

Z

3. In May 1909, the Excise Commissioner recommended that his Office Assistant may be given a local allowance of Rs.50 per mensem. Government did not

consider that good grounds existed for granting the allowance proposed.

4. The present reference is the second recommendation on behalf of the Office Assistant.

5. The First Councillor is inclined to approve of an allowance being sanctioned. The Second Councillor is of opinion that no good case has been made out for it. I feel that the allowance recommended cannot be sanctioned - the more especially as none was intended for Mr. Rozario and none was mentioned in the proposal to place the office Assistant in charge of the school which is opened as a temporary measure for 2 years. The remarks of the Financial Branch at pages 5 and 6 of the notes are very germane to the question. The school has an Excise Instructor and a Drill Instructor to conduct the actual teaching (vide Government order No.215 dated 8th July 1909). I submit the matter for orders.

Sec[y] It is not quite relevant to speak of police time & spare time. If there is work to be done an officer is expected to devote all available time to it. As to teaching surveying if instruction in the subject is required a separate surveying instructor — say the man in the Police School — maybe employed on a small remuneration or an allce of 25R a month is to be granted to Mr Ramanna for a suitable period during each session of the school. In view of the limited amount sanctioned for the Training School, the local allowance of Rs.50/- per mensem to the Assistant Commissioner will in no way be a material additional expenditure.
